

# Rechargeable Smart Sensor Lamp

## User Manual

### Product Structure:

### Product Size:

### Charging Mode:

### Installation Method:

### Features:

- ◆ MCU switch, three-way switch button control modes: stable light mode, smart sensing mode, off.
- ◆ PIR and optical (lux) sensing technology, sensitive reaction, easy and convenient to use.
- ◆ Equipped with strong magnet glue and adhesive iron plate, easy installation.
- ◆ Super bright SMD LEDs, soft light, no glare.
- ◆ Built-in Lithium battery, USB charging.
- ◆ Internal smart driver, over-voltage&over-current IC protection, safe and stable.

### Parameters:

- ◆ Sensing distance: 2-3m
- ◆ Sensing angle: 120°
- ◆ CCT: 3000K WW/6000K CW
- ◆ CRI: 80-90Ra
- ◆ Power: 0.6W
- ◆ Battery: 3.7V/320mAh
- ◆ Working time: 2 hours (when stable light mode)

### Operating Mode:

- ◆ Keep pressing the switch for 3 seconds till after the red indicator light flashed 3 times, then the lamp goes into stable light mode.
- ◆ Gently press the switch, after the red indicator light flashed 3 times, it means that the lamp switch to automatic sensing mode, when the ambient brightness is less than 20lux, and people could be detected within 3m area, the lamp will auto light up, while beyond the sensing area, it will auto turn off after 15 seconds.
- ◆ After finishing above 2 modes or each mode, press the switch and last for 3 seconds till to see stable red indicator light, then the lamp is turned off.

### Application:

- ◆ Widely used for closet, drawer, kitchen, cabinet, corridor, bathroom, etc.

### Precautions:

- ◆ Do not use it in hot&humid environment or in the rain, so as to avoid damage.
- ◆ Please don't take this product close to the fire, because high temperature may cause battery explosion.
- ◆ Please recharge this product when you find the brightness dim.
- ◆ In the absence of professional technical staff, please don't repair or replace the battery by yourself, and send it back to the manufacturer or entrust professionals for help.

### Package Includes:

1. LED Sensor Lamp\*1
2. USB Cable\*1
3. Manual\*1
